A Brief Company Introduction

TEC is a vibrant new company with many years experience within the contracting environment. Through our focus and attention to technical details and superior customer support, we are quickly becoming one of the preferred audio visual installers in South Australia.

Founding TEC staff members have worked in the Audio Visual installation industry for the past 20 years and have had the pleasure of installing some of the most prestigious A/V projects in Adelaide, Australia and overseas.

The Company has a broad base of expertise, which is able to handle all technical facets of any electronic installation, such as:

- Large and small scale PA systems.
- Visual projection & display systems.
- Club sound and FX lights.
- Home theatre.
- Conference rooms.
- Crestron control systems.
- DSP audio systems.
- MATV - Master antenna television.
- Custom electronic design.
- Train electronics design.
- Multitone DECT telephone systems.
- Radio paging systems.
- CCTV - Closed circuit television.
- Security and access control.
- EWIS and fire systems.
- Voice / Telephones.
- Intercoms.
- Electronic classrooms.

► Sales ► Service ► Installation
